Genefloc ABF RO Membrane Cleaner Chemicals

Call for price (01880955512)

Combined Algaecide, Biocide & Flocculant Genefloc ABF is designed to act as a combined biocide and flocculant, reducing the effects of colloids, bacteria and alga on membrane systems. It is a low molecular weight flocculant for use in surface, well and process waters of medium to high SDI. Genefloc ABF is designed specifically for use in feed waters susceptible to algal growth such as open reservoirs and ponds.

Typical properties

Appearance: colourless liquid

PH as supplied: 4.0 - 5.0

Specific gravity: 1.00 - 1.10

Freezing point: 2±C

Application of Genefloc ABF RO Membrane Cleaner Chemicals

Genefloc ABF can be diluted and is fully miscible with water in all proportions. Genefloc ABF should be dosed continuously to the feed water, at a turbulent location to ensure good mixing before the sand or multi-media filters. Genefloc ABF dose rate can be accurately determined with jar testing and SDI analysis, Typical dose rate of Genefloc ABF is 2-10 mg/l during normal plant operation.

- **Municipal Water Treatment:** Removes impurities and contaminants from municipal water supplies.

- **Industrial Wastewater Treatment:** Treats wastewater from various industries, such as manufacturing, food processing, and pharmaceuticals.
- **Aquaculture:** Improves water quality in aquaculture systems, promoting healthy fish and shellfish growth.
- **Swimming Pool Water Treatment:** Clarifies pool water and removes impurities for a clean, refreshing swimming experience.

Key Features of Genefloc ABF RO Membrane Cleaner Chemicals:

- **High Efficiency:** Provides superior flocculation performance, resulting in faster settling and clearer water.
- **Versatility:** Suitable for a wide range of water treatment applications.
- **Easy to Use:** Simple dosing and application process.
- **Cost-Effective:** Offers excellent value for its flocculation capabilities.
- **Environmentally Friendly:** Formulated with a focus on environmental sustainability.

Benefits of Genefloc ABF RO Membrane Cleaner Chemicals:

- **Improved Water Quality:** Removes impurities and contaminants for cleaner, clearer water.
- **Enhanced Treatment Efficiency:** Optimizes the performance of your water treatment system.
- **Cost Savings:** Helps to reduce operating costs by improving treatment efficiency.
- **Environmental Benefits:** Contributes to a healthier environment by improving water quality.

Why Choose Aquafit Technologies for Your Water related product

When it comes to selecting a water related product, Aquafit Technologies stands out as a top choice for several compelling reasons. Here's why our clients prefer us over others:

1. Economical Pricing: We offer high-quality product at competitive prices, ensuring that you get the best value for your money without compromising on quality.

2. Rapid Service: Our dedicated team provides quick and efficient service, addressing any issues or queries promptly to ensure your purifier remains in optimal condition.

4. Extensive Service Network: With over fifty service centers across Bangladesh, we ensure that help is always close by, no matter where you are.

5. Affordable Parts: We provide parts at the lowest prices, making it economical to maintain your product and keep it running efficiently.

7. 24/7 Service Centers: Our service centers operate around the clock, offering support whenever you need it, including evenings and weekends.

8. 100% Return Policy: We stand by the quality of our products with a 100% return policy on any default items, ensuring complete customer satisfaction.

9. Client Satisfaction First: At Aquafit Technologies, we prioritize client satisfaction above all else, striving to exceed your expectations with every interaction.

10. Flexible Payment Options: We accept payments through more than 20 bank cards and mobile banking services, making transactions convenient and hassle-free.

Choosing Aquafit Technologies means opting for quality, reliability, and exceptional customer service. Experience the difference with our top-rated products and join the many satisfied clients who trust us for their water purification needs.
